 - Continuous Intermittent
 - Subsurface

RF: 1:125,000
1 inch equals 1.57 miles

Note:
Wildland Fire Rating Zones are based on Humboldt County Safety Element
Map No. 1510, adopted October 11, 2006. This Map is for reference
for large scale studies. Colors in legend may not exactly match those displayed
on the map.

Data Sources:
Highways and Roadways based on modified TIGER File dataset, 1998 - 2001.
Hydrography based on CDFP Fire Resource Assessment Project of 2001.
Public Lands based on BLM data for 2001 and 2002.
Wildland Fire Rating Zones based on CDFP Category v. 2.2 dataset also obtained
from BLM.

Township and section boundaries are based on the online Digital Elevation Models from USGS.
Aerial 2-D Contour: National Geographic data.
Map design and layout by the Humboldt County Department of Planning.
This map is intended for display purposes only and should not be used for precise
measurement or navigation. Check the web site for more information on accuracy.
Map prepared by Humboldt County Community Development Services
